8.28 CGPA | Pimpri Chinchwad University, Pune  
7.59 CGPA | Krishna College Of Commerce And Science, Wathar  
77.33% | S.G.M.College, Karad  
82.40% | M.G.V.Kadegaon

## Technical Skills

- Programming Languages: Python, C++, Java, Cloud Computing
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL

## Soft Skills

- Problem Solving
- Time and Project Management
- Leadership
- Adaptability

## Projects

### 1. Website for cloth shop system

- Developed a full-stack web application for managing an online clothing store. The system supports both customer-facing and admin-facing functionalities. Customers can browse products, add items to the cart, and complete purchases through a user-friendly interface.
- Tool: Java, HTML, CSS, Spring Boot
- MySQL was used as the relational database to store user, product, and order data.

### 2. Multi Domain Profit Improvement Using Java

- Developed a Java-based system to improve profitability across multiple business domains including Sales, Inventory, and Logistics. The application collects and analyzes data in real-time to identify cost-saving opportunities and revenue-enhancing actions.
- Built a Java application to help different businesses (like retail, finance, and healthcare) improve profits.
- Tool: Java, HTML, CSS, and basic machine learning
- Database: MySQL

## Certifications

- AWS Cloud Virtual Internship (Oct-Dec 2024)
- AWS Fundamentals (<https://coursera.org/verify/specialization/ZSNLSFFNWAOS>)
- Data Analytics Essential by IBM (<https://www.credly.com/go/zKsmmC0U>)
- Foundation of AI and ML by Microsoft  
(<https://www.coursera.org/account/accomplishments/certificate/O3BAYP0I1G8UDeclaration>)

## Declaration

I hereby declare that all the details mentioned in the resume are true to my knowledge.
